

## Monkey Bread

4 tubes refrigerated buttermilk biscuits (10 biscuits per tube)  
1 ½ sticks melted butter  
1 cup sugar  
¾ cup sugar  
3 tsp cinnamon

1. Mix ¾ cup sugar and 3 tsp. cinnamon.
2. Cut 2 packages of biscuits into quarters; roll each piece in the cinnamon-sugar mixture. Place in an ungreased tube pan.
3. Melt butter and 1 cup sugar; pour half over the biscuits in the pan.
4. Cut remaining 2 packages of biscuits, roll in sugar mixture and place in pan. Pour remaining butter mixture over them.
5. Bake at 350 degrees for about 40 minutes, or until deep brown on top and done.
6. Remove from oven; wait 3 minutes and invert (this will be a bit messy as the unabsorbed butter mixture will drip).
